"Political Preaching"

It has become a fashion—more especially since the dawn of the rebellion—for those whose moral obliquity is brought home to them from the sacred desk through illustrations taken from passing events, to raise the cry of "political preaching," and to denounce the ministers of the Gospel for any allusion to the political condition of our suffering country The mention of the "President of the United States' in a prayer is rank abolitionism, and any lessons drawn from current national events is simply "preaching politics" It is now assumed by many that the relations which a man may sustain to his country have no bearing upon the relation he sustains to his God Before the breaking out of the rebellion, the most successful and popular preachers were those who could give the most interesting and instructive pulpit sketches of the ancient peoples who could enter into details of their forms of government, and demonstrate the particular national sins for which they were as nations destroyed. Scarcely an idea, of any character, contained in "Gibbon's History of the Rise and Fall of the Roman Empire" but has been received with every manifestation of delighted satisfaction by crowds of worshippers, and the "Cities of the Plain" have furnished instances of depravity at the account of which pious crowds have rolled up their sanctimonious eyes in holy horror, as the mental and unanimous verdict was rendered in favor of the Almighty's even justice The minister of the Gospel who could not deduce salutary lessons from the destruction of Pharaoh and his host, and apply them to the period in which we live, was simply of "no account" He was not wanted, he could do no good thing for the spiritual interest of his "flock" Such a man was not well versed in theology Even the happy lessons from the prayerful life of the "Father of his Country," devoted to God and his native land, afforded a refreshing and striking instance of the reward following a religious observance of conscientious duty Many of our readers of more extended resources for memory in such matters, can bring to mind where a fearful visitation of Almighty power has been examplied, and the case of *Aaron Burr* cited with such effect upon the congregation that only the sacred precincts of a house of worship restrained vociferous applause

In ancient times, while the Great Creator yet condescended to talk with His creatures, His prophets told the people of their sins, and called upon them to repent Particular derelictions were pointed out, and vengeance threatened if the sins were persisted in. Paul and the other Apostles at a later period performed the same true work Later still, even on portions of American soil, a violation of either of the Ten Commandments was visited with bitter denunciations from the sacred desk, and it was even the professional duty of the minister to go with personal expostulation to the delinquent More recently, however, Theology and Greek, Ancient History and rhetoric, are all the prerequisite qualifications for a minister of the Everlasting Gospel He must not tell the traitor to his country that his perjured soul deserves a place in hell at the hands of a God whose express law he has violated If he does he is an abolitionist and a "political preacher" It is becoming at least impolite—for those who worship the purses of the created instead of the Omnipotence of the Creator—to take more than a cursory glance at the once popularly accepted fact that God "created and preserved us a nation" A Christian minister must not talk of the "glorious liberty of the Gospel of Christ," it smacks of abolitionism He must not enjoin upon his hearers obedience to the lawfully constituted authorities, because it is a palpable hit at a few of his hearers, and seriously interferes with their political liberties. They "go to hear the gospel preached," and not to be told of their shortcomings Those tender mouthed copperheads and traitors desire to go to the communion table unreminded of the sin of perjury, little reflecting that they eat and drink to themselves a well merited damnation We hear no good sound Union man complain of "political preaching" because the "lessons of the day" are applied to the congregation. We believe it not only the privilege but the duty of a minister to present truths, however unpalatable, and without regard to the corns they may crush If he fails to do it, he is false to himself, his church, his country and his God

WAITING FOR THEIR CUE —The Copperheads are terribly exercised by the invitation of our Presidential Electors for the opposition candidates to meet them upon the stump and discuss before the people the momentous issues of the day No wonder they are exercised they were nominated as "Democrats" but they have just now no principle, they don't know, until after the grand meeting of traitors at Chicago, whether they are to advocate a "rigorous prosecution of the war" a "peace policy," the "divine right of slavery," or a "total and immediate abolition of the accursed institution" A "pig in a poke" would be a safer investment in war-days than an investment in the Democratic party The purchaser of the former is "sure of a poke" while in the latter he is equally certain of treason We think our people will hardly wait until Vallandigham and his confreres have made up their minds as to which is the safest and surest policy to adopt for the destruction of our Government Oregon is loyal, and the Copperheads had better save their campaign funds to pay their passages out of the "damned abolition State"

HORSE THIEVES — During the last week Mr William Porter, of Benton county had a horse stolen from his farm, and the thief succeeded in getting away Mr Hinton of Lane, also had one stolen, but the horse and thief were secured

AN AFFECTING INCIDENT — A correspondent writing from Nashville relates the following

Last evening as I was passing by the post hospital my attention was arrested by the singing, in a rather loud tone of *Rally Round the Flag Boys* by one of the patients inside While singing to the beautiful music of that popular song I observed to a nurse standing in the doorway, that the person singing must be in a very merry mood, and could not be very sick. "You are mistaken, sir,' said he, "the poor fellow engaged in singing that good old song is now grappling with death—has been dying all day I am his nurse,' he continued and the scene so affected me that I was obliged to leave the room He is just about breathing his last' I stepped into the ward and true enough, the brave man was near his end His eyes were already fixed in death He was struggling with all his remaining strength against the grim monster, while at the same time there gushed forth from his patriotic soul incoherently the words, 'Rally Round the Flag Boys,' which had so often cheered him through his weary march, and braced him up when entering the field of blood, in defense of his country Finally he sank away into his death slumber and joined his Maker's command, that is marching onward to that far off better land The last audible sound that escaped his lips was Rally boys, rally once again!" As his eyes were closing some dozen of his comrades joined in a solemn yet beautiful hymn, appropriate to the occasion Take it altogether this was one of the most affecting scenes I have ever witnessed in a hospital It drew tears copiously from near one hundred of us It occurred in the large ward which occupies the entire body of the church on Cherry street The deceased was an Illinoisan, and had been wounded in one of the recent skirmishes

The sinking of their pet pirate by the *Kearsarge* has given the English press a rich fund for sympathizing, moralizing, poetizing, philosphizing, etc The following sentences are from the London *Telegraph*

"Fathoms deep in Norban waters lies the good ship *Alabama*, the swift sea rover—just so many tons of broken up iron and wood, and wearing away in the huge depository of that genuine old original marine-store dealer—Father Neptune"

"The waves wash to and fro about her as if in mockery of the dead mass that could almost outstrip the hurricane, and the fish swim in and out of the port holes and round the muzzles of the guns that will never again burn powder"

"The skipper, a wounded man, is safe on English ground, but many of the strange crew will never more tread the deck or answer to the boatswain's call"

"The *Alabama* could have found no more fitting grave she had lived on the water, their child and playmate"

"Beaten in a fair but unequal combat by a gallant foe, she has disappeared from the field of ocean to take her place in history"

DEMOCRATIC SYMPATHY —The Richmond *Examiner* thus gives vent to his sympathy with, and points out the way to secure the triumph of Democracy in the North

The Democrats of the North, who have wasted four years, not too patiently, trusting to regain the power and profit which they but lately held to be a Democratic inheritance, must naturally be provoked beyond endurance at this audacious attempt of Lincoln and Seward to ride roughshod over them for even more We learn that the Democrats are universally turning their thoughts to Franklin Pierce and Connecticut Seymour as their nominees for President and Vice President To give them the least chance of electing these two advocates of peace, Grant must be defeated, the invasion must collapse and die out and the very name of war must become a horror, uttered with loathing and execration Therefore it is the interest of the Democrats to do their uttermost to weaken the Federal army, discredit Federal finance, in short to extinguish the war altogether, in order to extinguish the party which invented the war, and govern it, and lives by it

"GENUINE YANKEE IMPANT"—Under this head the Richmond *Dispatch* of July 13th gives vent to its rage on account of the fate of the *Alabama*, as follows:

"Captain Semmes says that Winslow had covered his ship with chain armor, and then nailed planks over it to give it the appearance of a wooden ship, while, in fact, it was an iron clad. After learning this we no longer wondered at the instantaneous promotion of Winslow It was meet and proper, and altogether in keeping, that an infamous renegade, for perpetrating the most infamous fraud that was ever practiced upon the high seas A reward from Lincoln would be a disgrace to any man who was not already beyond disgrace Had such a foul advantage been taken over one knight by another in the days of chivalry, the perpetrator would have had his spurs hacked off by the common hangman, his arms reversed, his name stricken from the roll of honor, and his carcass stretched by the neck between sun and earth, until the birds of the air had torn his eyes from their sockets What must be the sense of honor of that government which can encouraging such damning infamy in its officers!"

"FILE ON THE TAXES"—So says the Copperheads, and their papers enumerate a long string of them But they neglect to tell their readers why we are thus taxed, and that it is to put down a rebellion inaugurated and still encouraged by them Let every man remember this fact when he pays his taxes—and reflect, also, that he is paying them to keep such rascals from ever regaining power to make another such a war, and cause another burden of taxation. For half a century the people have paid enormous taxes to feed democratic traitors in office, and they certainly can stand their share of them now to keep them out. When the loyal people become exhausted of their money, and taxes are still unpaid, it is contemplated to confiscate a few Copperheads, provided the Government will accept depreciate Americans in lieu of greenbacks The tax-collectors will probably be allowed to discriminate between contrabands and Copperheads When taxes pinch us thus the Copperheads may take a notion to quit using their influence to prolong this terrible war —*Marysville Appeal*

It having been announced that Hon. J H. Mitchell would accompany and speak in connection with Messrs H. N George and George L Woods, on the great questions of the day, during the campaign now opened, we are requested to state that the serious illness of his family will, at least for the present, prevent his absence from the city This is to be regretted, not alone from sympathy with our eloquent friend in his domestic affliction, but also from a confidence in the eminent service he would render the cause of Lincoln and Johnson

Chas White, Captain, E F Humason, First Lieutenant, P A Mauldin, Second Lieutenant, G H Ramsey, Orderly Sergeant, W E Patte, First Sergeant, E D Marshall, First Corporal, J J Dorris, Second Corporal, Anton Laner, Bugler

CHANGE OF POSTMASTERS AT OLYMPIA —Hon F M Sargent, one of the best men in Washington Territory, has been removed from the Postoffice at Olympia. Mr Chas Wood, his successor, is a competent and worthy man, but those who have the "ear of the President" to effect such changes, are able to accomplish a great deal more harm than good

REV DR PATTERSON AT OREGON CITY —This gentleman will address the citizens of Oregon City and vicinity this evening, on behalf of the Christian Commission All those who neglect an opportunity to hear him and contribute of their abundance to the cause he represents, will regret it If there is any one branch of the great common Sanitary movement which has a precedent claim upon he sympathies and aid of our people it is the

HEADQUARTERS Army of the Potomac, Aug 18 This morning at two o'clock the 5th corps started on an expedition to cut Weldon Railroad at Reams Station, taking four days rations This corps was withdrawn from the left front some days ago and has been in reserve since At 5 o'clock the first division in advance had a skirmish with the enemy who were stationed to protect the railroad They fell back rapidly, the loss on either side was small After placing our troops in line to meet an attack the work of tearing up the track proceeded vigorously for several hours About noon they were interrupted by the appearance of the enemy advancing along the Railroad from Petersburg in line of battle

They proved to be A P Hill's corps, which had been held in reserve for the last few days They advanced in double quick as soon as they became aware of our intention, the 2d division, Gen Ayres commanding, held the advance, the 3d and 4th division supporting our right. The first division was so placed as to cover the left to prevent surprise in that direction The attack on the 2d division was determined Our troops met it gallantly driving the rebels back in handsome style with heavy loss After an hour's hard fighting they fell back some distance, keeping up the fire all the afternoon The 15th New York heavy artillery particularly distinguished itself The commander severely wounded The movement was a complete surprise to the enemy The rebel pickets were so astonished that they had barely time to escape A number were taken prisoners, several of whom were wounded Over a mile of the track was torn up The troops hold the position at dark to night To-morrow they will completely destroy the ties and rails unless the rebels come in too great a force Our loss is about 300

FROM IDAHO —The *Idaho Statesman* of the 16th August contains the following items

In our walk about town (Boise City) yesterday in search of items, nothing but improvement met our gaze on every side—improvements substantial and permanent One cannot hardly indulge in conversation in an ordinary tone of voice on the street, on account of the noise and racket occasioned by the hammer and saw of the industrious mechanic If we continue to advance in such rapid strides Boise will soon be a town of no ordinary pretensions

Our hotels are crowded daily with travelers Unless in time regular boarders have to wait for the second or third table

EMIGRANTS —The tide of emigration still flows in Trains are passing through every hour of the day, bound for the valleys below—many however spreading their tents in the suburbs of the city to recruit up and look about them for homes in our own beautiful and fertile valley The greater part of the emigration of this year are apparently not so much attracted by the richness of our mines as that of last season, but are actuated rather by the desire to find homes and settle in a new country Nine tenths of them bring capital, and all have fine stock Let them come, we bid them welcome

BEETS —A nice and tender blood beet was shown us the other day which measured something like two feet in circumference. Vegetables thrive well in this valley, as do all cereals Corn looks just as well and the ears just as well filled as that grown in any other country

Boise City on Sabbath last presented all the appearance of a quiet, staid old New England village. The stores were closed and business generally suspended, while good order and quietude prevailed

Cochrane the man who was shot and severely wounded on Friday night last, is likely to recover.

RELEASED.—The *Pacific Tribune* says the case of the steamer *Fisk Anderson* was argued before the Chief Justice at Port Townsend, W T, on the 17th inst, and the steamer discharged She had been tied up by the Collector of Customs upon refusal to pay a fine of $?00 for alleged violation of the law requiring her to have the certificate of inspection

THE INCOME TAX.—The amount of income returned for the district of Oregon the past fiscal year, as shown in the following table, giving the accurate figures for each collection division, furnished us from the records of the district office in this city. It will be seen that division No. 3, Multnomah county, leads Wasco county the next highest on the list, $16,401 39, paying considerably more than double the amount of any other three counties, and $2,566 48 more than one-half of the entire returns of the State. A pretty strong elucidation of the fact that we are "marching on":

Division No.			
1.	Clatsop and Tillamook Counties	$	712 17
2.	Washington and Yamhill	"	838 49
3.	Multnomah County	"	21,018 35
4.	Clackamas and Marion Counties	"	1,717 41
5.	Polk and Benton	"	1,478 79
6.	Linn and Linn	"	1,599 19
7.	Umpqua and Douglas	"	1,088 33
8.	Coos and Curry	"	288 17
9.	Josephine and Jackson	"	2,132 30
10.	Wasco County	"	4,554 99
11.	Baker and Umatilla Counties	"	1,775 67
	Total for District of Oregon		$39,985 74

The largest amount paid by any one person in the State was $7,383 46; next largest amount $955 00; next $919 00; five others paid upwards of $500; eight others paid upwards of $200. The statistics show 118 licensed physicians in the State, 14 of whom are from Multnomah county. Of 92 licenses issued to lawyers in the State, 24 are granted to the profession in Multnomah county.

FIRST DISPATCH FROM MONTICELLO.—The wire was complete, and in working order to Monticello yesterday. We received the following dispatch from there at noon, which was placed upon the bulletin board, conveying intelligence important to shippers:

MONTICELLO, August 23.—The steamship *Sierra Nevada* passed the mouth of the Columbia river at 10 o'clock yesterday morning, bound north. The bark *Jane A. Falkinburg* passed off the Bar this morning.

[illegible]TION.—We were greeted by Superintendent [illegible] at 9 o'clock last evening, from Drew's Station, and he reported the line going on favorably. He conveys it over two-thirds of the way to Olympia from Monticello. The telegraph party was to stop at that point, and had quite a chat with friends in the city, the Superintendent forwarding dispatches with his pocket relay, while one man held a canteen, and the others were sitting around camp. Mr. [illegible] congratulates himself that they are now fairly out of the "mosquito kingdom," and assures us that we will receive no more samples of the "flying artillery" from that quarter by mail. He has forwarded some huge specimens. We watch the progress of the line with interest.

[illegible] BUILDING.—We noticed yesterday the work begun for the reconstruction of the Oregon Pitch and Turpentine Works, recently burned in this city. The new structure will be of brick, surrounding the manufacturing department, which will make the insurance and risks from fire much less. We would not [illegible] any obstacle to the detriment of any branch of industry in our midst, but a question arises whether it would not be better for establishments of an character to be carried on a little farther removed from the prominent parts of the city, when permission is granted by the Council for their construction. Mr. Wood had permission to erect these works in that locality, and has invested his money in accordance with such provision, and hence must be allowed to proceed with his plans, but for future [illegible] these should be regular fire limits established by the Board of Councilmen.

REV. DR. BELLOWS, D. D.—This distinguished clergyman and President of the United States Sanitary Commission will doubtless arrive on the overland stage this evening. As we have received no announcement of his addressing our citizens this evening we presume he will lay over a day at this point to rest and recruit. He is accompanied by his son. Unless other arrangements are made, of which due notice will be given, our citizens may expect another rich treat to-morrow evening.

THE BIT NUISANCE.—Our item on the bit nuisance a few days since has brought out a rejoinder from a Front street dealer, who attempts to prove the contrary of what we stated, denying emphatically that the profits in this system of paying back a dime in change for a quarter, on a bit's purchase, results to the seller. It may be the case that there are exceptions to the general rule, when "the trader exacts some article equivalent to the odd cents," but at the same time we can see no clearer that the system is [illegible] Disposing of dimes at a discount [illegible] tally with the decimal system of American currency: "Ten dimes make one dollar."

STREET GRADING.—We notice a gang of workmen employed in grading C street yesterday. The old "*ancien régime*" which has stood unmolested in that locality for ages has finally been compelled to bow to the march of civilization. A man loitering in that section concluded to try a pan full of the dirt as a prospect for mineral deposits, and was surprised to find a "bit" in the bottom of his pan after considerable washing. The dirt had evidently been "mined" however, as the mineral gave unmistakable signs of having been coined at the New Orleans mint, in 1855, when Portland was but a baby.

NOTICE FOR NOTICE.—The weakly effusion published at Walla Walla is in a terrible way because we do not notice its wishy washy lucubrations. The fact is, unless our attention is called to it we are not exposed to read any sheet lacking the three essentials of a newspaper—decency, loyalty and brains. We [illegible] see that the Walla Walla express has arrived in the Dalles, as the 7x9 of yesterday uses the same "quill."

FREIGHT EXPENSIVE.—The building of the Oregon Iron Works, in this city, is being handsomely enlarged by an extension of 80 feet in length and 70 feet wide, which makes the entire plan now 200 feet, the length of a block. We are gradually expanding and unless something fearful overtakes our enterprising private citizens, Portland will soon emerge from the "one-horse town," demanding better accommodations than have hitherto been showered upon us, from *knights* of the scissors and quill in more flourishing" parts of Oregon.

DEATH OF CAPT. MASON.—Col. English yesterday morning received intelligence from Fort Vancouver of the death of Capt. Wm. P. Mason, of the Washington Territory Infantry, and at once complied with a request to be present and assist in the funeral obsequies, which will take place to-day at 10 o'clock, under military forms. Capt. Mason was a true man, a reliable officer, and leaves a host of friends, who will miss his genial companionship.

LARGE PEARS.—There is a diminutive pear tree in the garden of G. T. Myers, in this city, which is remarkable for the its extraordinary productions of fruit. One slender branch supports five pears, near an exact size, but should one be a little less than another, it will certainly weigh at least pound. We noticed them yesterday, and "Tobe" promised us one of 'em when they get ripe.

TREASURE EXPRESS.—The steamer *Wilson G. Hunt* arrived from the Cascades last evening with about 100 passengers, representatives of all parts of the upper country, from Kootenai to John Day's river. They all appeared well provided with *filthy lucre*, and took lodgings at the hotels, Wells, Fargo and Co.'s Express Messenger had charge of $60,000.

MEETING OF THE LADIES.—We have been requested to announce that the ladies in this city, interested in the Christian Commission, will meet at the vestry room of the Presbyterian Church this afternoon, at 2 o'clock, for the purpose of organizing an auxiliary society in Portland. A general attendance is desired.

AGENCY OF THE SALEM WOOLEN MILLS.—Messrs. Wiell Wolf & Co., of this city have received the appointment as Agents for the sale of the manufactures of the Willamette Woolen Mills, Salem. The goods of this establishment are meeting with increased demand, and are taking the preference of similar fabrics imported. They are none the worse for being made of Oregon sheep's wool.

CIRCUIT COURT.—The special term of the Circuit Court adjourned *sine die* on Monday last. The case of Wm. Patterson vs. Martin and McGraw was reserved for decision.

B. B. B.—Fresh this morning at the Eagle bakery.

Oregonians should test the merits of Dr. HOSTETTER'S STOMACH BITTERS. While it is highly palatable as a beverage, it is unequaled as an invigorator. In the pursuit of fortune at the mines, many persons are exposed to the attacks of complaints of the digestive organs, and of various kinds of fever. It is the very article that has so long been in demand at the mines. Its daily use will restore the tone of a deranged stomach, impart fresh vitality to the digestive functions, and cheer the spirits. Yet the Bitters is the safest of all stimulants. Let the miner who is exposed to hot and dry, wet and cold, be certain to obtain a supply of the genuine Hostetter Bitter, and he will find it a certain safeguard to health.—Sold by Druggists and dealers generally. jy26daw

Dysentery.—For Dysentery and similar complaints of the Summer season, the PERUVIAN SYRUP has proved a remarkable preventive and cure. By imparting tone to the intestinal mucous membrane, it places this surface in the best possible condition to resist the irritation of crude and indigestible articles of food.

"A Slight Cold," Coughs.—Few are aware of the importance of checking a Cough or "slight cold" in its first stage; that which in the beginning would yield to a mild remedy, if neglected, soon attacks the lungs. "*Brown's Bronchial Troches*" give sure and almost immediate relief. *Military Officers and Soldiers should have them, as they can be carried in the pocket and taken as occasion requires.*

REDINGTON & Co., San Francisco, Agents for the Pacific Coast.

23. Periodical Headache—so common in uncleared and marshy countries, Tic Douloureux, that most painful affection of the nerves of the face, are often only attacks of ague in *disguise*—proceeding from the same toxious influence. Jaundice, Dyspepsia and Diarrhœa, are frequently but disguised forms of Intermittent Fever. Even Rheumatism and Epilepsy, often result from the same miasmal cause. For such, Dr. Osgood's India Cholagogue is an unfailing remedy. By striking at the root of these affections, it applies with equal certainty, as for the cure of Fever and Ague in its simplest forms.

Imitations are abroad! Be particular to enquire for *Dr. Osgood's India Cholagogue*. Sold everywhere.

THE! EYES!! THE EYES!

DR. H. BIGELOW OCULIST AND AURIST, (late) ly associated with Dr. Pardee, at San Francisco, has opened an office at No. 56 Front street, corner Washington,

A Letter.

Greeting, Louise, from this far distant land
Would I might catch upon my feeble pen
One ray of that divine and rapturous influence,
Which, lighting up thy way, hour with bliss
Hath granted thee a sweet foretaste of Heaven!
How few of all who tread with us life's scenes,
Can boast thy happiness! How few who feel
That joys of Paradise are all around us
And only wait the outstretched, willing hand,
To grasp the prize!

Twelve months, Louise, have flown,
With all their woes and pleasures, since we met
And heart were given to one who loves thee well—
Son of a worthy sire, whose name is linked
With pleas and memories of the Empire city
Heart mingled then with heart, yet not a dream
Of that ecstatic bliss then since has known,
Had entered thy young soul, for Love's young dream,
However roseate and full of promise,
Shows in the future, judging from the past
Of others, many thorns among the roses
The willing votary bows to seeming destiny,
And comes prepared to quaff the flowing cup,
The bitter with the sweet, even to the dregs!
No thorns have pierced Louise,—sweet is the draught,—
And thornless may thy path for aye remain
Yet trust not in thyself, but count that Power
From whom all love proceeds—whose word is sure,
And in whose promises we alone may trust
"Ask, and ye shall receive"

And now, dear heart,
What shall our offering be? Shall loving ones
As in the ancient days of "merrie England,"
Send thee the "flitch renowned in many a story?
Or shall we waste in words our gratulations
To thee, and to the partner of thy joys?
Prayers, loved one—prayers we send to Heaven for thee!
The earnest breathings of true-hearted friends,—
The grateful offerings of fond brothers hearts,—
The deep-felt yearnings of true sister love,—
The warm outpourings of fond parents souls,
Who, under God, have trained thee to that happiness
Which sheds a comfort o'er their silvered brows,—
These are our gifts Louise! And oh! if prayers
Have power with Heaven, thy bliss is fixed and sure,
Till summoned to that bright and better land,
Where love, begun amid earth's cares and trials,
Shall grow to full fruition

THEODORE J ECKERSON

VANCOUVER, August 21, 1864.

Oregon State Sanitary Fair.

To the Citizens of Oregon

It is proposed to hold a Sanitary Fair at Salem, during the State Fair commencing on the 27th of September next. In view of the urgent necessity of the Sanitary Cause and the briefness of the time allowed to make preparations, it is earnestly hoped that every friend of humanity and every lover of his country resulting in Oregon, will respond to this call.

We can say to these at a distance, that ample room and shelter will be provided for all their contributions.

In suggesting these committees we presume that some will be unable to act—to all such we cheerfully suggest a substitute, and should there be sections of country where no committees have been appointed individuals will please act for themselves and come to the Fair and see that their donations are on hand, so that no section of country will be unrepresented.

Oregon has heretofore responded nobly to these calls of humanity, and now is no time to fail or falter, while every telegram brings the sad news of brave men fallen, and the work of carnage and death still going on—shall we, while poverty fills our land, forget our bleeding country?

To the Ladies of Oregon we most especially plead. Know in full well that if we have their united support, success will crown our efforts. From every woman in the State we crave some article of handiwork. Every description of ornamental work which busy fingers fling, knit your frame in the long list of knitting, from a pair of socks to the most elaborate shawl—in needle work, from the baby's bib to the finest dress—in clothing, for men women and children, let the variety be so complete that no want may be unsupplied. Every article of female handiwork that will bring enough to pay for timber material.

To the farmers we look for help—let your offerings be as free from your hearts and as kitchen will be one interest feature of the Fair nothing will be unfair, whether it be the products of the soil your dairy or your cattle—from the merchant and manufacturer miner and business man, let us have a sample of the wares or the work of his hands, so that our young State may be fully represented in all her growing wealth and greatness.

The County Committees whose names are below, are requested to solicit and receive contributions and arrange for their being forwarded to Salem at the proper time. It is desired that the County Committees should appoint sub-committees to aid them in their work, each member or committee recollecting if they cannot act themselves to onlesser to proper substitutes, so that there may be neither neglect nor delay in making the necessary arrangements.

All organized Sanitary Aid Societies are invited to give this matter their especial attention.

To the Loyal Men and Women of Oregon

Many of the patriot Ladies in different parts of the State, have expressed to me a wish to be permitted to hold a Sanitary Fair, on the grounds of the State Agricultural Society, near Salem during the continuance of the State Fair. Upon consultation on the 27th of September I have not deemed it necessary to call a meeting of the Board of Managers, for the purpose of having it considered. I am very sure I do but express the sentiments of those with whom I have the honor to be officially associated, when I say that it is with pleasure that they yield to the wishes of these great hearted women.

Certificate of Dr. Hayes.

It is well known that the medicinal effect of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible

In the Peruvian Syrup this desirable point is attained by combination in a way never before known, and this solution may replace all the proto carbonates citrates and tartrates of the Materia Medica A A HAYES M D,

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DISCOVERY of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system It is to act upon the

LIVER, HEART, KIDNEYS,
DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation it remained almost useless until Dr Henry Anders a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER.

without a solvent. This, considered impossible by the scientific world, is attested by certificates of analysis from Dr J J Chilton of this City, and Prof Booth, U S Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals, and its use recommended to practitioners (see "American Medical Monthly," July 6, 1865, page 76).

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color hitherto pale, relaxed and feeble, he becomes full strong and florid.

Full directions accompany each bottle.

Sold by all Druggists. Price, \$1 per bottle Prepared by Dr H Anders & Co Physicians and Chemists, New York.
